PROJECTS AND INDUSTRY INVOLVEMENT

Finalist Technical Task Project (Future force Tech Launchpad Pre-Internship) | HTML and CSS
- Out of 2,500 applicants, I've been selected to move forward to the final stage of the FTL internship program.
- The task is designed to give a taste of the course content; the mission is to build a personal website based on HTML or CSS.

Corporate Research Project ("The Importance of ESG") | Presentation
- Presented a speech concluding the presentation based on the importance of "having a story to tell" to create a sustainable future in front of an audience of many corporate and small business leaders.

Mariposa Website Designing Business | UI/UX Design
- Volunteered and networked within the community, offering the experiences of a website and graphic designer.
- Helped over five small businesses in a diverse community of owners.

Magic 8 Ball Program - Course Projects | Java
- Wrote a program called Magic8Ball that simulates a Magic 8 Ball, a fortune-telling toy displaying random responses.

Letter Inventory - Course Projects | Java
- Wrote a program called Letter Inventory to keep track of an inventory of letters of the alphabet. The constructor for the the class takes a String and computes how many of each letter are in the String.

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

Management Leadership for Tomorrow (MLT)   Bay Area, CA
Career Preparation Fellow   March 2023 – Present
- Selected among thousands of high-achieving applicants to participate in this Career Preparation program focused on professional and leadership development.
- Complete business case studies and assignments to grow leadership and technical skills.
- Attend conferences hosted by industry leaders like Dell Technologies, JPMorgan Chase & Co., and Google.

Creating A Path to Success (CAPS)   Sacramento, CA
2022 Cohort   March 2022 – August 2022
- The CAPS program empowers Hispanic college students to become the next generation of successful Hispanic civic and business leaders through training.
- Developed and presented a research project about implementing business strategies such as ESG (Environmental, Social, and Governance) amongst college graduates.

Asian Pacific Islander American Public Affairs Association (APAPA Solano County)   Vacaville, CA
Solano Chapter Summer Intern   June 2020 – August 2022
- APAPA is a summer internship program focused on educating the AAPI community about public policy, the local government, and, most importantly, volunteering.
- Completed over 350 Hours of Volunteering.
- Participated in many internship opportunities that helped me explore my interests in entrepreneurship and computer science practices.
- Promoted and helped health clinics vaccinate over 90% of Solano County for COVID-19.

INTERESTS

I value expressing my design and programming work through leadership, entrepreneurship, and transformation in my community.
